

BEE PENCIL HOLDER CRAFT

Materials:

- Black, yellow, & white construction paper
- Scissors
- Black marker
- Pencil
- Googly eyes
- Glue stick
- Tape
- Tin can
- Ruler

Instructions

1. Wrap yellow construction paper the length of 12 inches around the tin can, hold in place with a piece of tape on the back and trim the excess off the top. Use the glue stick to secure the construction paper together.
2. Measure 12 inches in length and 1½ wide on the black construction paper to make a long strip. Cut out the strip and cut it in half length wise. These will be the bee's stripes.
3. Secure your stripes by gluing one side on the back and wrapping it around the tin. Glue the other end of the stripes down once it gets to the back of the tin.
4. Glue on googly eyes.
5. Draw a smile.
6. Cut out and trace wings on white construction paper.
7. To finish, cut out traced wings and glue to back of tin.
