

# Handprint Mother's Day Card Craft

## Materials:

Construction paper | Glue  
Scissors | Pencil

## Instructions:

1. Trace hand on your choice color construction paper and cut out.
2. Cut out a simple stem and leaf shape for your flower design.
3. Fold a full piece of construction paper in half to make a card.
4. Trim out a rectangular piece of construction paper that is slightly smaller and will fit on the front of the folded card.
5. Glue that smaller piece to the front of the card.
6. Assemble your handprint flower (handprint flower, stem, & leaves).
7. Glue your handprint flower to the front of your card.
8. To finish, write a note inside the card. ***\*\*you can also add glitter or rhinestones***
