

Father's Day Toolbox Craft

SUPPLIES:

- Scissors
- Coloring utensils
- Writing utensils
- Stapler or glue
- One sheet of construction paper
- Tool Templates (provided below)

INSTRUCTIONS:

1. Take the construction paper and fold almost in half. Leave enough on one side to make a handle.
2. Cut out the handle.
3. Glue or staple the sides together. Leave the top open to place the tools inside.
4. Color and cut out the tools from the template.
5. To finish, place tools inside the toolbox and write: "I could not have built a better Dad! Happy Father's Day!"
