

# POPSICLE STICK APPLES

## MATERIALS:

- Scissors
- Glue
- Black Marker
- Red, green & brown construction paper
- 4 popsicle sticks
- 2 mini popsicle sticks
- Apple template (provided)

## INSTRUCTIONS:

1. Lay the 4 popsicle sticks together vertically.
2. Glue the mini popsicle sticks horizontally or diagonally on the top and bottom of the 4 popsicle sticks to keep them together.
3. While that is drying, cut out and trace the apple template 2 times on the red or green construction paper.
4. Cut out and trace the leaf on green construction paper and the stem on brown construction paper.
5. Glue the apple to the top and bottom of the popsicle sticks.
6. Glue the leaf and stem to the apple.
7. To finish, draw 2-4 seeds in the center of the popsicle sticks to look like seeds.
