

POPSICLE STICK FLOWER CRAFT

ITEMS NEEDED

1. Glue
2. 1-button
3. 5-craft sticks or popsicle sticks
4. 2- mini craft sticks or break 1 popsicle stick in half
5. paint or markers

INSTRUCTIONS

1. Paint or color sticks & set aside to dry. Make sure to paint 1 popsicle stick or the mini craft sticks green for the flower stem.
2. To make the flower petals make 2 X's with the popsicle sticks and glue those together in the center. Make sure the sticks are dry before making the flower petals.
3. Glue button to center of popsicle sticks.
4. For the flower stem glue the popsicle stick to the center back of the flower petals.
5. Glue the mini craft sticks to the bottom front of the flower stem.
6. Let glue dry and the activity is complete.

Planting the
seeds of **TODAY**
to cultivate the
promises of
TOMORROW.

Representing AGRICULTURE

and our member's families through information and legislation
to improve the financial stability and quality of life.

– *Farm Bureau Mission Statement*

The LaSalle County Farm Bureau was started in 1914 and known as the Better Farming Organization. Since then we have grown into a non-profit organization that serves both rural and urban populations that have an interest in agriculture.
