

## PIG WIND CHIME CRAFT

### Items needed:

Scissors

One sheet of pink construction paper

Glue, stapler, or tape

Pink crayon or marker

12 inches of craft string

### Steps

1. Fold pink construction paper in half lengthwise. Cut on folded crease.
2. Using one half of the construction paper, roll paper into a tube. Glue, staple, or tape once you get the tube to preferred size.
3. Accordion fold the other half of construction paper lengthwise. Cut on folded creases.
4. Glue, staple, or tape the accordion pieces to bottom of tube. Be sure to leave some space between each piece.
5. Color and cut pig stencil out. Tape or glue to front and back of the tube.
6. Attach each side of the craft string to opposite sides of the inside top of the tube using tape or stapler.
