

HANDPRINT CRAFT – PUMPKIN

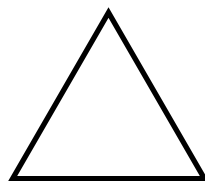

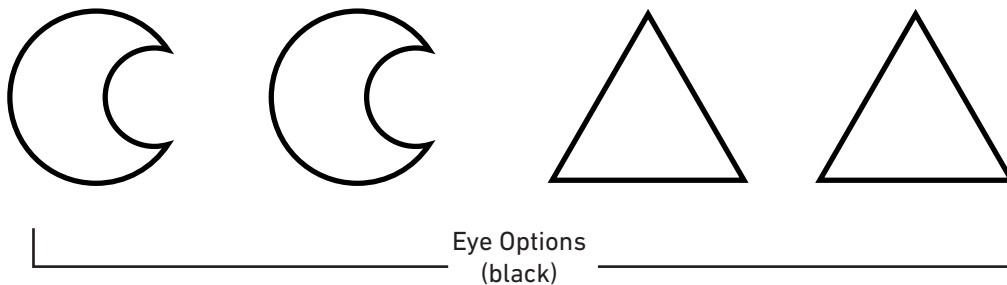

Items needed:

- Scissors
- Black marker/crayon
- Pencil
- Glue
- Orange and green construction paper

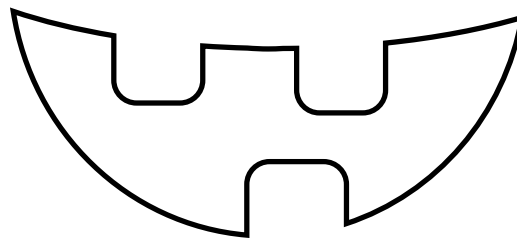

Instructions:

1. Trace & cut hand on orange construction paper.
2. Cut a square with the green construction paper for the pumpkin stem. Size will vary depending on the size of the hand.
3. Glue the stem to the bottom of the hand print cutout. The bottom of palm will be the top of the pumpkin.
4. To finish, either draw your own face or color & cut out the face stencils provided.

Nose
(black)

Mouth
(black)
