

Handprint Flower Bouquet Craft

Materials:

Construction paper | Glue
Scissors | Pencil

Instructions:

1. Trace and cut out hand with part of arm on your choice color construction paper.
2. Trace and cut out hand on your choice color construction paper for your flowers (x4).
3. Trim slim piece of green construction paper for your stems.
4. Glue the stems onto construction paper.
5. Then glue the handprint with arm onto the stems to give it the look of holding the stems.
6. To finish, glue the handprint flowers to the top of the stems.
